Federation of Indian Chambers of Commerce and Industry

March 25, 2011

Mr. Rajender Kumar, Secretary (Health & FW), Department of Health & Family Welfare, Government of NCT of Delhi, Delhi

Rajan Kohli Advisor

Office of the Pr. Secretary (H&FW) Dairy No: HFW/11/3890 Date: 29/03/11

SUB: INTERNATIONAL CONFERENCE ON MEDICAL ELECTRONICS "Partnering for Access, Affordability and Accuracy" (May 5 & 6, 2011)

Dear Mr. Kumar,

We are pleased to inform you that FICCI (Federation of Indian Chambers of Commerce and Industry) is organizing an International Conference and Exhibition on Medical Electronics: 'Partnering for Accuracy, Affordability and Accessibility' on May 5-6, 2011 at FICCI, Federation House, New Delhi.

The expected benefits of the programme are Technology development & R&D partnering for development, manufacturing, Access and Affordability, Awareness about best practices, Importance of quality and safety, early detection and Management.

Delegates and Speakers include key Decision Makers from Related Ministries, Health Secretaries from different States, Standard and Quality Organizations, R&D Bodies & Doctors, Developers and Diagnostic Professionals in India & Overseas. Leading Doctors and developers will be presenting on Technology Advancements in Anesthesiology, Orthopedics, Infection Protocols, Organ Transplant, Cardiology, Nephrology, Oncology, Radiation Safety, and Trauma Management. Participants include Doctors and Experts in Medical Equipments, ICT and Healthcare from companies such as GE, Philips, Johnson & Johnson, BPL, L&T, Wipro, Boston Scientific, HCL, Texas Instruments etc.

Primary Info on Programme topics, Registration, Exhibition are given in attached Tentative Programme Schedule, and also at www.meglobal.in

In the context of above initiatives may we look forward to have your valued support with your Kind Personal attention for directing the needful

- So that All Govt. Hospitals, Medical Colleges, Health Centers, and Diagnostic Labs, nominate Doctors, Experts and Diagnostic Personnel as participants in the Conference and Exhibition.
- May we mention that there is no participation Fees for Doctors, Government participants and Speakers.

With your support and valued presence the programme can reach the objectives towards partnership for Improved Access, Affordability and Accuracy through participation of Doctors and Experts in your State Health Services.

May I request you to kindly join us for lunch and networking dinner. We will be in touch with your office to ascertain your convenience.

With best regards,

Yours sincerely, (Rajan Kohli)

Handwritten notes: "cheer delegation fee" and "114/11"

FEDERATION OF INDIAN CHAMBERS OF COMMERCE & INDUSTRY

**INTERNATIONAL CONFERENCE IN MEDICAL ELECTRONICS (ME-3)
PARTNERING FOR ACCESS, AFFORDABILITY AND ACCURACY**

May 5 and 6, 2011 at FICCI, Federation House, Tansen Marg, New Delhi

Tentative Programme Schedule

DAY-1 --- May 5, 2011

Inaugural: ---1 Hrs

1. Access & Affordability enablement a 10 years way forward

- Electronics aiding affordability & access in Modern Surgical Care.
- Electronics enabling: - Accuracy to efficiency the diagnostics perspective.
- Digital Connectivity enabling Affordability and Access (Medical Insurance, Image and Patient Record Retention Safety and Online Access)

Key Speakers invited:

- Mr. Nandan Nilekani, Chairman, Unique Identification Authority Of India*
- Mr. K. Chandramouli, Secretary of Health and Family Welfare, GoI*
- Dr Prathap C. Reddy, Executive Chairman, Apollo Hospitals*
- Dr. Surya N. Mohapatra, Chairman and Chief Executive Officer of Quest Diagnostics, USA*
- Mr. A Vaidheesh, Chairman, FICCI Medical Electronics Forum (MEF) & Managing Director, Johnson & Johnson Medical
- Dr. Rajiv Kumar, DG, FICCI

TEA BREAK

2. Emerging perspective on Technology Enablement for Chronic Diseases----40 Min

- Meeting the challenges of increasing chronic diseases
- The role and awareness of General/ Family Physician in identifying and recommending specialized Medical Care with personalized medicine
- Comparative effectiveness of health interventions: strategies to change policy and practice.

Key Speakers invited:

- Mr. K. Chandramouli, Secretary of Health and Family Welfare, GoI*
- Mr. Rajender Kumar, Secretary (Health & Family Welfare), Government of NCT of Delhi
- Sh. Jayant Kumar Banthia, Pr. Secretary (Health & Family Welfare), Public Health Deptt., Government of Maharashtra*
- Ms. Sangita Reddy, Executive Director, Apollo Hospitals*
- Dr John Abbott, Philips, USA
- Mr. Alok Mishra, Head J&J, Singapore
- Dr Bharat Bhushan Kathuria

3. A present day perspective on safety, accuracy & regulation—40 Min

- Ethical issues for invasive cardiologists. Role of Regulation & Patient awareness in Imaging process, device implementation.
- Reducing suffering through mobile electro medical products
- Ensuring Safety & Reliability the diagnostics perspective.

Key Speakers invited:

- From AERB
- From BPL /SRL, Quest/Lal

LUNCH

4. Panel Discussion:-Advances, accuracy and early detection the Imaging perspective -----40 Min

- Molecular neuro-imaging in movement disorders and dementia
- New detector systems, reconstruction algorithms and quantification methods for PET and SPECT
- Guidance on the use of medical radioisotopes
- Targeted radionuclide therapy of neuroendocrine tumors, including DOTATOC and DOTATATE radio peptide therapy
- Radioiodine therapy of hyperthyroidism

Key Speakers invited:

- Prof Dr Arun Malhotra, AIIMS
- From BARC/BRIC
- Dr A. Mukherjee, Jamia Hamdard*
- Prof Dr Manjari Tripathi, AIIMS
- From GE

5. Panel Discussion:-Infection Protocols-----40 Min

- | | |
|---|---|
| <ul style="list-style-type: none"> • From Prevention of Cure • Prevention- De Fogger • IP Protocol | <ul style="list-style-type: none"> • Cleaning, Disinfection and Sterilization Of medical devices • OR Protocol • SSI |
|---|---|

Key Speakers invited:

- Dr Srivastava, DGHS*--- Moderator
- Dr Vana S Poovala, USA
- Dr Satyanand Shastri
- From NABH

TEA

6. Panel Discussion:-Technology/Enablers for transplant.-----40 Min

- Role of Technology-
- Donor
- Govt
- Ethical practices in Transplant.
- Barriers in Transplant Surgery.
- Policies

DINNER & COCKTAIL

Key Speakers invited:

- Dr Srivastava, DGHS*--Moderator
- From J&J

7. Technology in Cardiac Space.-----30 Min

- Rhythm
- Navigation
- Robotics

Key Speakers invited:

- From BARC /MEDTRONICS /ABBOT/ St JUDE/ J&J
- Prof Dr Amlesh Seth, AIIMS

9/3-

tentative Programme Schedule (ME-3)

DAY-2-- May 6, 2011**8. Panel Discussion:-The role of Training & Partnership, Doctors & Developers-----40 Min**

- Simulation, Virtual & Actual training labs
- A perspective on training Risk Reduction in device/process implementation.
- Electronics technology enablement for ICUs
- Taking a research project from a University to FDA clearance to markets
- Mentoring of Start ups with participation of public & private funding/financing opportunities

Key Speakers invited:

- Dr Balaram Bhargava , AIIMS
- Dr Kulwant Saini J&J
- Dr Satyanand Shastri
- From Phillips

9. Panel Discussion:-Guidelines for trauma management global experience sharing. (Panel Discussion with Demo)-----40 Min

- TRIAGING
- Trauma response and management in multiple casualty incidences (MCI)
- Polytrauma
- Analyzing trauma injuries with terarecon 3D imaging *

Key Speakers invited:

- From BPL/ FALCK

TEA BREAK**10. Technology & connectivity * -----30 Min****Key Speakers invited:**

- From ST/I2I

11. Role of Control & Monitoring Technology in Anesthesiology.-----15 Min

- Sedasys

Key Speakers invited:

- From J&J

12. Control, Monitoring And Efficiency – Operating Room -----25 Min

- Design and Efficiency
- Monitoring and Management
- Modular OT – The emerging trends

Key Speakers invited:

- From STRYKER

tentative Programme Schedule (ME-3)**LUNCH****13. Advancements in Nephrology, Dialysis Technology, Electronic Implants -----30 Min****Key Speakers invited:**

- Prof Bhaumik, AIIMS

14. Neuro Intervention & the role of Centre Nervous System, the Road to faster recovery-----30 Min

- Brain dysfunction caused by acute symptomatic hyponatremia
- Central Nervous Systems (CNS) neuroprotection and/or repair strategies
- Biosignal monitoring for neurology rehabilitation

Key Speakers invited:

- Dr A Mukherjee, Jamia Hamdard
- Prof Doc Manjari Tripathi, AIIMS
- Prof Doc Mehndiratta, G.B. Pant
- Dr Shakir Hussain, Max Hospitals*

15. Technology in Orthopedics.-----40 Min

- Computer Navigation System
- Spine
- Trauma equipment
- Advances in fluoroscopy / Imaging in Orthopedics

Key Speakers invited:

- From BPL/FALCK/SYNTHES/STRYKER/

16. Technology in ONCOLOGY -----40 Min

- Facilitating early detection & management
- Evaluating Tumor measurement; - use of film based electronic techniques.
- Verifying 4D gated radiotherapy using time-integrated electronic portal imaging: a phantom and clinical study.
- More sensitive electronic nose detects lung cancer from breath.
- Optical biopsy.
- Usefulness and side effects of chemo-radio chemotherapy.
- Early gastric cancer-diagnosis and treatment

17. Medical Electronics In Women Care * -----30 Min

ntative Programme Schedule (ME-3)**18. Technology in developing access *---25 Min**

- Railways (Mobile Hospital)
- Armed Forces

19. Valedictory Session with short Q&A---1:30 Hrs

** To be confirmed*
