Subject: Mobile Seva: Mobile-Governance Innovation proposals under the World Bank assisted 'e-Delivery of Public Services' project

Dear Sir,

This is in continuation to this Department's letters 2(1)/2005-EGD (13317) dated 9-Apr-2012 and 26th Sep 2011 and N-30/1/2012-EGOV2 dated 13th July 2012 respectively regarding the implementation of the 'e-Delivery of Public Services' project under which a loan amount of US\$ 150 million has been approved by The World Bank.

2) DeitY, as part of its commitment towards facilitating the adoption of mobile governance by Government Departments and Agencies has launched a unique initiative named as "Mobile Seva". It proposes to utilize a part of the aforementioned funding to support Government Departments and Agencies for the purposes of conceptualization and development of suitable applications under their mobile governance initiatives, and, where necessary, to also develop the necessary backend computerization required for mobile governance.

a) As part of its mobile governance implementation strategy, DeitY, through its agency C-DAC, has already developed and deployed the Mobile Service Delivery Gateway (MSDG) that aims to provide a central hub for all mobile transactions and also mobile-based services through all delivery channels including SMS, Voice/ IVR, Unstructured Supplementary Service Data (USSD), GPRS/3G, SIM ToolKit, and mobile application store (m-Appstore), etc. More details on the Mobile Seva initiative can be seen at <http://mgov.gov.in/>

The SMS channel under the MSDG has already been launched and can be readily deployed for delivery of public services. As on date, 148 Central and State Govt. Departments are using it for providing SMS-based services, and nearly 1.7 Crore SMS notifications have been sent to citizens for various electronic services. Citizens can also directly interact with the Government Departments through "PULL SMS" for 126 public services integrated with the MSDG. These services have been made available through

189/C
the 5-digit code 51969 allotted to DeitY for mobile governance. Another short-code, 166, has also been allotted to DeitY with the long-term vision of offering non-emergency public services through a single nationally-available 3-digit short code to all citizens in the country.

3) I request you to take this opportunity to fast-track the adoption of mobile governance by Departments in your State. It may also be noted that the proposals seeking such funding should be aligned around leveraging the core NeGP infrastructure and existing MSDG infrastructure and not to replicate the same. **You may like to take this up on priority with all Government Departments and Agencies and request them to submit mobile-Governance Innovation project proposals at the earliest to DeitY.**

4) Mobile-Governance Innovation project proposals may also be submitted through e-mail to: jsegov@mit.gov.in. However, a duly signed proposal must be submitted subsequently. We will be happy to offer any assistance in formulating your proposal in this regard.

Regards,

Yours sincerely,

(Dr. Rajendra Kumar)
