Subject: Switch over from the old online Financial Management System to the new on line FMS

The on-line FMS (New Financial Management System) is running smoothly for allocation of Budget and release of Fund on-line where Estimates are being created and Measurement Books are also being recorded before fund is released for payments to the contractors. Financial Management System (Old System) is to be closed down on 31/3/2012 so all concerned are requested to switch over the work reference in New System if any payment is due so that there is no hardship at the time of release of payments.

Henceforth, all transactions would be undertaken on the new FMS and the old version would become non-operational w.e.f. 31/03/13. This may please be noted for necessary action by all concerned.
