CIRCULAR

The Committee has noticed that some of the schools called for hearing, request for adjournment on grounds of non-availability of their Accountants/Account Functionaries/Office Bearers etc. The Committee also notes that some schools are not bringing complete records on the date of hearing and therefore, the matter is required to be adjourned. Some schools do so repeatedly. This results in loss of time and delays the recommendations to be made by the Committee.

The Committee is keen on completing its work as early as possible. It is hereby informed that in future, the hearings will not be adjourned on such grounds. If the school representatives fail to appear on dates fixed or fail to produce their complete records of fee, salaries, books of accounts and bank statements or to furnish the specific information required from them as per the notice, the Committee shall proceed to finalize its recommendation.
