Date: 04.05.16

CIRCULAR

Sub: Regarding recovery of Infrastructure Fund Charges.

DJB resolution No 282 dated 1.03.16 provides that Infrastructure fund charges (IFC) for water and sewerage are to be levied together. Circular No- DJB/CE(Plg)W/2016/249/1390 dated 11.03.2016 also reiterates that water and sewerage Infrastructure Fund Charges are to be levied and collected concurrently to release scheme or connections of water /sewerage facility. It is noticed that proposal for calculation of IFC for new water connections are being received from Zonal offices in the Planning section without accompanied with the required documents for sewer connections and as such violates the directions of Board .

It is therefore requested to send the proposals for calculation of IFC for duly accompanied with required details for sewer connection. The applicant may be advised suitably to apply for water and sewerage connection together where both the systems exists. In the areas where only water supply infrastructure exists, the applicant may apply for water connection only, however, IFC for water & sewerage both will be levied. It is mandatory to issue a composite demand letter towards IFC for water and sewerage also by the Maintenance Division concerned.
