Sub: Energy Conservation- Innovative approach to save electricity
through school children & inculcate the habit of energy
savings

Madam,

In order to execute the above concept, the Energy Efficiency and Renewable Energy Management Centre, Department of Power, GNCTD in collaboration with Green Energy Solutions is going to organize an Energy Conservation project activity for the period August-Dec, 2016 under the title "BEST ENERGY SAVER COMPETITION" for school children.

During the project activity, around 50,000 school children are planned to be covered throughout the State. Each student from 5th to 9th standard will be provided an energy saving card that will provide simple energy saving tips and also a format for capturing monthly energy consumption details of their respective residential power connection. These children will follow the tips, save and compare the savings with previous month. A comparison will be made between the numbers of units saved in a given time frame. Student who will achieve maximum energy saving will be suitably rewarded. The program is proposed to be launched by Hon'ble Dy. Chief Minister of Delhi.

It is requested to issue an office order to all concerned school principals to extend their cooperation for organizing this program in their school without any expenditure to Government Exchequer.

Subject → Make saving energy fun by participating in Adamyia Chetana & ECMI's Energy Savings Competition!

Dear

- Adamyia Chetana is teaming up with schools to engage your students and build a school culture of energy conservation. We are launching a competition among school students to motivate them to save electricity.
- Adamyia Chetana's staff & volunteers will visit schools to provide your teachers and student monitors with materials that will assist you & your students in conducting the competition.
- What is the competition ? - The competition launches on August 1st and closes on November 30th. Students are given Energy Saver Data sheets. They take a look at their electric bills and note their monthly usage in units. They implement energy conservation measures and note to see if their electric usage drops. Tips for energy conservation are provided.
- The 'gamification' of energy conservation and the competition will incentivize students to learn the subject materials such as energy efficiency & conservation of electricity.
- In December 2016, the top performing students & schools, those achieving the largest reduction in electricity, will be recognized and will receive prizes at the Annual Adamyia Chetana Utsav.
- Adamyia Chetana requests your cooperation to make this competition a great success for your school and your students.

With regards,

Yours Faithfully,

(Dr. Tejaswini AnanthKumar)
Managing Trustee,
Adamyia Chetana

Our students for
8th & 9th will participate
in the above said
competition. Gladius Peter
