**Sub: List of 51 Criterion Out of 62 Criterion upheld by the Hon'ble High Court in WPC 448 of 2016 Action Committee Unaided Recognized Private Schools Vs DoE & Ors.**

Sl. No.	Criteria	Remarks of being unfair, unreasonable and non-transparent
01	Transferable jobs / state transfers / 1ST	This criterion is required for admission in upper classes to give better chances and continuation of studies of a child. It is not just to give weightage for admission at the entry level classes. Apart from it, an individual residing in particular locality for many years has a better right to get his ward admitted in the school in his locality rather than the individual who has shifted on transfer to that locality
02	Parents education	India is a developing country and literacy rate is not 100%. Giving weightage to parents' education criteria is unjust to the children whose parents do not have good educational background. It leads to the inequality also.
03	Parent working in sister-concern school,	The ward of Staff/Employees of any school concerned can have a right for admission to that school but extending the same benefits to the sister concern of that particular school will curtail the right of General Parents' wards.
04	Both parents are working,	There is no merit to give weightage on this criterion. Equal opportunities of admission should be given to non-working/single parent working/both parents working.
05	First cousin of the child (parental / maternal),	This will create a homogenous group in a class/school which is not conducive to the overall development of child.
06	School specific criteria	This criterion has a very wide interpretation. The school should have specified it in a just, reasonable and transparent manner.
07	Special ground if candidate is having proficiency in music and sports,	It is inappropriate to assign points for proficiency in music and sport to a child at the age of 3 to 6 years.

08	Any other specific category	This is vague criterion. The school should have specified it in a just, reasonable and transparent manner.
09	Social/Noble cause.	There is no standard parameter to determine it and is likely to be misused.
10	Mother's qualification 12th Passed	There is no merit to give weightage on this criterion. Equal opportunities of admission should be given to children irrespective of their-mother's qualification.
11	Non-smoker parent	Child cannot be punished for the any particular habit of the parents, so this is unjust.
12	Empirical achievements of the parents	Parents' achievements cannot be the criteria for admission as all the children have equal rights.
13	First time admission seekers,	There is no merit. Everyone is first time admission seeker to the entry level class.
14	First-come-first-get,	The admission schedule has been fixed by the Department prescribing the dates for submitting application, displaying the list of selected children. If no particular criteria is fixed for such admission, the school may collect applications up to the last date , if number of application arc more than the seats, it may go for draw of lots and make admission as per announced schedule.
15	Oral Test	Screening/Interview at the entry level is not reasonable.
16	Interview	Interview at the entry level is not reasonable.
17	Professional field// expertise	Parents' professional field cannot be the criteria for admission as all the children have equal rights.
18	Date of Birth Certificate of Child from MCD/Affidavit	This cannot be the criteria for points. It is documentary proof for age.
19	Govt. employee	Parents' professional field cannot be the criteria for admission as all the children have equal rights.
20	Vegetarianism	Child cannot be punished or rewarded for any particular habit of the parents, so this is unjust.

21	Special cases	This criterion has a very wide interpretation. The school should have specified the criteria which may be just, reasonable and transparent.
22	Joint Family	This criterion is not practically determinable and as such, there is no basis of connecting it to the admission process.
23	Non-alcoholic	Child cannot be punished for any particular habit of the parents, so this is unjust.
24	Age	Age criterion has already been specified for Entry Level Classes by the department therefore points cannot be assigned to this.
25	Certificate of last school attended/Marks of previous class,	In the entry class admission, there is no certificate of last school attended and marks of previous class so it is illogical to give points to this criterion.
26	Attitudes and values	It is undefined and likely to be misused.
27	ID Proofs and Address of the documents of the parents	Department has already specified the list of documents as proofs. It cannot be a criteria for giving points.
28	Language (speak only 2 points, write only 2 points, read only 2 points]	This is illogical to give points to this criterion. Small children should be on equal footing in every respect as the entry level class is the starting level of learning.
29	Promotion / Recognition as specified in the school website and notice board	It is not clear.
30	Economic condition/ BPL Family/ Background - Poor Family	The parents seeking admission in a particular school are aware of the fee structure of the school and willing to pay the same. Fee structure of the school is same for everyone in the school. So the economic condition should not matter.
31	Business/ Service	It is not just and discriminatory. Parents' status does not matter at least in the education Field.
32	Special quality	It is undefined and likely to be misused.

33	Declaration regarding picking or drop	It is illogical. It is the choice of the parents to opt for school transport or not as per their convenience.
34	Scholar students	It is illogical. No scholastic aptitude can be tested at the entry level classes.
35	Regularity in payment of school dues	It is illogical. Parents just seeking admission of their ward in the entry level class cannot be judged on this criterion.
36	Terms and condition of school	It is not clear.
37	2 Photograph of child	It is not relevant criteria for assigning points.
38	Child whose parents/ grandparent is a significant non-financial/ volunteer to i In-school.	It is undefined and discriminatory.
39	Interview/GK	Interview at the entry level is not reasonable.
40	Management discretion	This criterion is not fair and likely to be misused.
41	Management reference	This criterion is not fair and likely to be misused.
42	No admission criteria.	In case of no admission criteria, the school has to follow the admission schedule of the department. If the number of applications are more than the seats available, then draw of lots may be conducted and admissions to be done as per schedule.
43	Oral Test /Communication Skill/Interaction	Oral Test /Communication Skill/Interaction at the entry level is not reasonable.
44	Parents reasons for approaching the school in terms of objective of the school	It is undefined and discriminatory.
45	Permanent resident of Delhi by birth	It is illegal and violation of fundamental right of the citizen.
46	School parameters/ school specific parameters	It is undefined.

47	Similar cultural ethos	It is undefined.
48	SLC countersigned by EO	It is illogical as no SLC is required for admission in Entry Level Class.
49	Special permission for not completing elementary education.	It is not clear.
50	Sports /Sports activity	It is discriminatory.
51	Delhi University Staff	It is illogical
