Recently two incidents have been reported. One was the death of more than 70 children in a Hospital at Gorakhpur, Uttar Pradesh. The reason, as reported in media, was the discontinuation of oxygen supply by the agency due to non-payment. Files were probably shuffled from here to there and payments could not be released for unknown reasons. But this insensitive action has resulted in the most inhumane of incidents.

Another issue relates to our Education Department, where the Hon'ble High Court has directed it to act upon the findings/directions of Justice Anil Dev Singh Committee. However, when Education Department sought man-power from Services Department to work upon the directions, it was not provided. Not only it was not provided but the proposal of Education Department to hire retired professionals was also not allowed. As a result of this, Education Department was not able to comply with the directions of the Hon'ble Court leading to adverse observations.

Many times I came across such cases where files are stuck in AR/Law/Finance/Services etc. and these Departments reject proposal on merely technical grounds without any understanding of its impact on ground. As a result many of our institutions are not able to work well and many of our schemes/services are not being delivered as they are supposed to be.

All the HODs are directed to provide list of their plans/schemes/proposals which are stuck in AR/Law/Finance/Services because of delays/rejections on technical grounds and are having adverse impact in the public life or functioning of institutions. These lists should be submitted to my office by 23.08.2017.

Non-submission of the list by the HODs would mean that there is no issue pending at this stage and if something is found stuck/non-working, the HOD shall be personally responsible.
