D.O. No. 36/AUPG-GeM/2018

17 December 2018

Dear Shri Vijay Kumar Dev,

In a short span of less than two years, GeM has established itself as an open, transparent and efficient online procurement platform, offering huge savings to the government. Central and State government departments / organizations have done over 10 lakh procurements worth over Rs. 15200 crore through GeM. Such an achievement would not have been possible without the support and encouragement of States, including State teams led by you.

I am writing to draw your kind attention to the tenders floated by State Transport agencies for procurement of buses / hiring or leasing services for buses, notwithstanding the fact that such tenders are available on GeM at highly discounted rates ranging from 12% to 20% over market of goods, leading to huge saving to state exchequer. This discount is not available when vendors are procured outside GeM either through bid or at special govt. prices. We have on the portal our vendor companies directly listing all models of vehicles including buses. We have already started bus hiring / leasing services also. This I am sure would bring in significant volume of procurements as a service and also lead to significant savings.

My office has already issued necessary instructions to the concerned officers (and/or Secretary, Transport and MD of State Road Transport Authority) to procure their requirements of goods only through GeM.

With kind regards

Yours sincerely,

[Anup Wadhawan]
