Dated: 27.5.2021

CIRCULAR

Sub: Advisory on preventive measures to control locust attack in the NCT of Delhi.

In order to prevent probable attack of swarm of locusts in the NCT of Delhi, which are reportedly present in the neighbouring states i.e. U.P., Madhya Pradesh & Rajasthan, all concerned authorities are hereby advised to take the following preventive measures to control and eradicate the locusts to avoid devastating effect on standing Agricultural & Horticultural Crops, Vegetation, Plants, Gardens, Orchard etc. in the NCT of Delhi:-

1. Organize awareness program for public/farmers to prevent / control the probable attack of swarm of locusts in the NCT of Delhi.
2. As the swarm usually fly in day time, and rest during night time therefore the locusts should not be allowed to rest especially during night.
3. The concerned authorities may carry out spraying of any of the following insecticide/ pesticides, as per need during night, with the help of spraying equipments:-

S.No.	Name of the Chemicals	Dose (gm/ml/l) per hectare	Dilution in water (litre) per hectare
1.	Melathion 50% EC	1850	500 litre
2.	Melathion 25% WP	3700	500 litre
3.	Chloropyrifos 20 % EC	1200	500 litre
4.	Chloropyrifos 50 % EC	500	500 litre

This issues with the approval of Secretary cum Commissioner (Development), Govt. of NCT of Delhi.
