

GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI
DIRECTORATE OF EDUCATION: SCHOOL BRANCH
OLD SECRETARIAT: DELHI-110054

No. F. DE.23 (386)/Sch.Br./2019/227

Dated: 20/2/2020

CIRCULAR

Sub:- Regarding Preventive measures and Advisory for Novel Coronavirus Disease.

We are aware that the Novel Coronavirus is reported from China & 24 other countries and there are a few positive travel related cases in India also. Though much is not known about the disease dynamics, it is evident that there is human to human transmission. As of now, there is no drug or vaccine available to manage this disease. Hence preventive measures become crucial to stop spread of this disease.

Therefore, all the Heads of Govt., Govt. Aided & Unaided Recognized schools under DoE are directed to sensitize the students and staff members during the morning assembly for creating awareness about preventive interventions such as frequent hand wash, respiratory etiquettes (using handkerchief over mouth while coughing/sneezing, use of tissue paper or using the sleeve of shirt covering upper arm, staying away from school when sick, avoiding public gathering etc.) will help in preventing/reducing transmission of not only this disease, but also large number of other communicable diseases, notably flu like illnesses.

In this regard, the D.O. letter No.Secy(HFW)/IMP/Cornavirus/2020 dated 05.02.2020 of Secretary, Department of Health and Family Welfare, Ministry of Health and Family Welfare, Government of India and advisory received from Directorate General of Health Services, Govt. of NCT of Delhi are enclosed for imparting valuable information contained therein.

This issues with approval of the Competent Authority.

Encls: As above

DDE (SCHOOL)

All Heads of Govt., Govt. Aided & Unaided Recognized Schools under Directorate of Education through DEL-E

D.O.No. Secy(HFW)/IMP/Coronavirus/2020
Dated : 5th February, 2020

Dear *Amit*,

You may be aware of the Novel Coronavirus reported from China and 24 other countries, 3 travel related case in India. Though much is not known about the disease dynamics, it is evident that there is human to human transmission. As of now, there is no drug or vaccine available to manage this disease. Hence preventive measures become crucial to stop spread of this disease.

Creating awareness among university/college students about preventive interventions such as frequent hand wash, respiratory etiquettes (using handkerchief over mouth while coughing/ sneezing, use of tissue paper or using the sleeve of shirt covering upper arm, staying away from college when sick, avoiding public gatherings etc) will help in preventing/ reducing transmission of not only this disease, but also large number of other communicable diseases, notably flu like illnesses. Further, such informed youth can be agents of change for their family, community and beyond.

In view of the above, you are requested to take up with State Education Departments, central universities and other autonomous teaching institutions under your ministry to sensitize their students these simple public health measures that will go a long way in preventing spread of Novel Coronavirus disease. An information pamphlet is enclosed which would come handy for the teachers to sensitize the students.

Preeti Sudan
Yours sincerely
P.S.
(Preeti Sudan)

Shri Amit Khare
Secretary
Department of Higher Education
Ministry of Human Resource Development,
Shastri Bhawan, New Delhi

Copy to: Chief Secretaries of all States/UTs for similar action.

कोरोना वायरस

कोरोना वायरस एक तरह का संक्रमित वायरस है। यह वायरस एक व्यक्ति से दूसरे व्यक्ति में संक्रमण के जरिए फैलता है। इस वायरस के लक्षण निमोनिया की तरह है।

कोरोना वायरस के लक्षण :-

- सिर दर्द।
- साँस लेने में तकलीफ़।
- छींक।
- खांसी।
- बुखार।
- किडनी फेल।

कोरोना वायरस से बचाव :-

- अपने हाथ साबुन और पानी या अल्कोहल युक्त हैंडरब से साफ करे।
- खांसते और छींकते वक्त अपनी नाक और मुंह को टिश्यू या मुड़ी हुई कोहनी से ढके।
- जिन्हें सर्दी या फ्लू जैसे लक्षण हो तो उनके साथ करीबी संपर्क बनाने से बचें।

क्या करें - क्या न करें

क्या करें	क्या न करें
<ul style="list-style-type: none"> • खाँसने और छींकने के दौरान अपनी नाक व मुँह को कपड़े अथवा रुमाल से अवश्य ढकें • अपने हाथों को साबुन व पानी से नियमित धोयें • भीड़-भाड़ वाले क्षेत्रों में जाने से बचें • फ्लू से संक्रमित हों तो घर पर ही आराम करें • फ्लू से संक्रमित व्यक्ति से एक हाथ तक की दूरी बनाए रखें • पर्याप्त नींद और आराम लें • पर्याप्त मात्रा में पानी / तरल पदार्थ पियें और पोषक आहार खाएं • फ्लू से संक्रमण का संदेह हो तो चिकित्सक से सलाह अवश्य लें। 	<ul style="list-style-type: none"> • गंदे हाथों से आँख, नाक अथवा मुँह को छूना • किसी को मिलने के दौरान गले लगना, चूमना या हाथ मिलाना • सार्वजनिक स्थानों पर थूकना • बिना चिकित्सक के परामर्श के दवाएं लेना • इस्तेमाल किए हुए नेपकिन, टिश्यू पेपर इत्यादि खुले में फेंकना • फ्लू वायरस से दूषित सतहों का स्पर्श (रेलिंग, दरवाज़े इत्यादि) • सार्वजनिक स्थलों पर धूम्रपान करना • अनावश्यक एच 1 एन 1 की जाँचें करवाना
