**CIRCULAR**

**Subject: Policy for supply of treated effluent to the RWAs/consumers for horticulture and other usages.**

Delhi Jal Board vide Resolution no. 1148, Item No T-350 has resolved to approve the revised policy for the supply of treated effluent to all the categories including RWAs, Schools & Colleges, Hospitals and other willing consumers etc., for horticulture and other usages etc., on specified terms and conditions. The following has been approved by the Board:

1. The existing rate of Rs.7/ KL shall continue to be applicable for supply of treated effluent to all the agencies /consumers who lift the treated effluent from the filling points of Delhi Jal Board at its STPs or from already laid DJB infrastructure.
2. Rs.4/KL shall be charged from the consumers who agree to lay the conveyance system/infrastructure from DJB source/facility upto their premises and also bear the cost of O&M of the conveyance system /infrastructure laid by them. In case any consumer wants to get the conveyance system/infrastructure laid by Delhi Jal Board upto their premises, such works shall be got executed by DJB as a deposit work on their behalf. However, after the execution of the capital work, the conveyance system/infrastructure shall be handed over to the consumer/agency. The rate of supply of treated effluent in such cases will be Rs.4/KL.
3. The treated effluent shall be supplied for irrigation purposes, ground water recharge and recharging of water bodies free of cost. However, the infrastructure shall be laid and maintained by the consumer /agency or will be got created by DJB as a deposit work on their behalf, which will be transferred to the user agencies for O&M after installation.
4. Delhi Jal Board under exceptional cases shall lay and maintain the treated effluent line for supply of treated effluent to the RWAs, School & Colleges, Hospitals and other willing consumers etc., for horticulture and other usages etc., under proper MOU @ Rs.25/KL subject to technical feasibility and availability of funds. Model Draft MOU is enclosed.

## Memorandum of Understanding

This Memorandum of Understanding made this ..... day of ..... between Chief Executive Officer on behalf of Delhi Jal Board having his office at Varunalya Building, Phase-II, Jhandewalan, Karol Bagh, Delhi-110005. (Hereinafter referred to as DJB, which expression shall unless it be repugnant to the context or meaning thereof deemed to mean and include its successors and permitted assigns) **of the First Part**

**AND**

President, ..... Resident Welfare Association, having his office at .....

**of the Second Part.**

NOW THIS MEMORANDUM OF UNDERSTANDING WITNESSETH AS UNDER:-

### Preamble

The parties are desirous of pursuing and promoting the reuse of effluent for horticulture in order to arrest the depleting ground water.

### Background

Whereas, Delhi Jal Board is in the activities of providing potable water, treatment of waste water and supply of treated effluent to potential users.

And whereas, Second Part, is desirous of purchasing Effluent from DJB at prescribed rate.

Therefore, it is agreed by the parties through the instrument of this Memorandum of Understanding (MOU) as follows:

#### 1. Scope of MOU

This MOU details the modalities and general conditions regarding the Supply of Effluent by DJB to Second Part.

#### 2. Modalities and general conditions

- i. DJB shall design and lay the Effluent network in ..... area and install bulk meter at its own cost at the ..... STP on the basis of availability and consumption projected by the RWA. The line will be laid for supply of treated effluent to the consumer of the RWA. The effluent line to be laid by DJB shall also cater effluent demand of the en route farm houses etc. Monthly Consumption worked out as per reading of Bulk meter installed shall be billed to Second Part & Second Part shall bear the responsibility to pay the same on time.

- ii. Second Part shall be solely responsible of the legalities regarding laying of the Effluent line by DJB and DJB shall have not any role in altering the legal status (land use etc) of the farms.
- iii. Second Part shall provide all coordination with Farm house owners, during execution of the work.

### **3. Quality of Effluent**

The Effluent available at .... STP which shall be provided, shall have approx. Parameters as BOD – 30 and TSS – 50 ppm and is acceptable to Second Part, and Second Part, shall not complaint regarding foul smell if occurs at these parameters.

### **4. Chargeable Rates for Effluent & Payment terms**

- a. Rates set by DJB time to time. Currently the rate is Rs 25/- per Kl.
- b. 10% of the annual revenue generation as per above consumption rate shall be paid in advance to DJB by Second Part within 1 month of execution of this MOU.
- c. Six month amount of revenue generation as per above consumption rate shall be paid in advance by Second Part to DJB at the time of offering effluent connection by DJB.

### **5. Estimated requirement of Effluent - ..... Kl per day.**

### **6. Dispute**

Any dispute or difference arising between the parties to this MOU in connection with the implementation of obligation arising there from shall be referred to CEO, DJB and the decision of CEO, DJB shall be final and binding on the parties.

Agreement

IN WITNESS WHEREOF the parties hereto have entered into this MOU effective as of the day and year first above written.

For and on behalf of .....RWA

For and on behalf of DJB
