Integrated Cybersecurity for Safer Digital Worlds

19 – 23 September 2022

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SINGAPORE COOPERATION PROGRAMME TRAINING AWARD

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, over 137,000 officials from more than 180 countries, territories and intergovernmental organisations have participated in our courses and study visits. The SCP is managed by the Technical Cooperation Directorate of the Ministry of Foreign Affairs, Singapore.

Course Objectives

This course is conducted under the auspices of the SCP Training Award.

The exponential use of digitalisation and our growing dependence on IT systems and Internet of Things in both the public and private sector will bring forth new vulnerabilities that can be easily exploited. This course will explore Singapore's strategic, policy and technological approaches to cybersecurity through the sharing of perspectives on current cybersecurity threats, challenges and best practices.

Synopsis

Topics to be covered include:

- Understand the cyber threat landscape
- Cybersecurity governance framework, policies and technologies
- Role of public institutions in cybersecurity
- Singapore's cybersecurity best practices in public and private sectors

Methodology

This course will be delivered for up to **30 participants** through **synchronous** e-Learning ('live' e-learning sessions) on Zoom, and could include asynchronous e-Learning (independent and self-study e.g. reading materials). There will be Q&A sessions and facilitated group discussions during the 'live' sessions.

Regulations

Participants are required to comply with the following:

- Strictly observe course schedules and not miss training sessions, and;
- Carry out instructions and abide by conditions as may be stipulated by the nominating Authority or Government and the Government of Singapore and its appointed trainer, with respect to the course.
