CIRCULAR

Subject: India of My Dream in 2047/ 2047 में मेरे सपनों का भारत

Deshbhakti Curriculum was launched in 2021 with the aim to encourage students take pride in their country and become informed and responsible citizens who would serve with commitment to take the country forward. Our endeavour in implementing this curriculum is to instil among children values of love, respect, ownership and pride for the country, imbibe constitutional values, and build awareness of their responsibilities and duties towards the society and the country. The Deshbhakti curriculum seeks to build a deeper understanding of these values such as equality, justice and fraternity to their daily lives.

Building upon these values, Directorate of Education invites students and teachers to imagine how the India of their dream would look like in 2047 as we celebrate 100 years of its independence. It is vital that our students and teachers express their thoughts on paper as by the time India celebrates its 100th year of independence, these students in our classrooms today would be youth. Therefore, it is important to ignite these young minds and enable them to articulate their own idea of India in 2047 and what they would like to do from now on in making the idea of their dream by 2047

The Directorate of Education is organising a bilingual (Hindi and English) writing contest for students and teachers of all schools of Delhi.
