**Sub: Inviting articles for September-2023 edition of Quarterly Science Magazine "नई उड़ान"**

"नई उड़ान" the quarterly science magazine, is published by the Directorate of Education. Scholarly ideas/articles submitted by students, teachers & other stakeholders and further shortlisted by the editorial team are included for publication in the magazine. The remaining articles are kept for further consideration in forthcoming issues of the magazine.

"नई उड़ान" is a wide platform for Principals, Vice Principals, Teachers, Alumni & Students of DOE to share their work & ideas.

Humanity's interest in the heavens has been universal and enduring. Humans are driven to explore the unknown, discover new worlds, push the boundaries of our scientific and technical limits, and then push further. The intangible desire to explore and challenge the boundaries of what we know and where we have been has provided benefits to our society for centuries. Human space exploration helps to address fundamental questions about our place in the Universe and the history of our solar system. Through addressing the challenges related to human space exploration we expand technology, create new industries, and help to foster a peaceful connection with other nations.

The Indian Space Research Organization (ISRO) is the pioneer space exploration agency of India, demonstrating its unique and cost-effective technologies, has gained place among the elite space agencies in the world over the years. Chandrayaan-3 (चन्द्रयान-३) is the third and most recent lunar Indian Space Research exploration mission under the Chandrayaan programme.

The editorial team has decided to dedicate the September-2023 edition of the magazine to ISRO scientists whose tireless pursuit has today propelled India on the path of scripting a remarkable space odyssey for generations to cherish. The theme of the September-2023 edition of the magazine will be "Space Exploration".
