ORDER

The statement of the Complainant, Respondent No. 1 & Respondent No. 2, has been recorded on oath. The Complainant claimed that he had made untiring efforts to have the Chaupal constructed for the benefit of the members of the public and to cater the needs of the weaker sections.

The Respondent submitted that they did not raise any obstacle in the construction of the Chaupal and were only interested in ensuring that construction of Chaupal takes place after due permissions as required under Law were obtained. Following the directions given in Writ Petition No. 1659/2007 and the change in the lay out plan approved by the MCD and grant of all other approvals, the construction of the Chaupal, was taken up. It is expected to be completed by end of April, 2009.

Respondents have stated that they themselves are interested in completion of this project for common good and would cooperate in the same. Parties state that the Govt. of NCT of Delhi should decide the modalities of running the Chaupal as it deems fit by seeking representations from different sections of the Community or otherwise, in its discretion.

In view of the statements as recorded and the developments noted, nothing further survives in this complaint and the same is disposed of. Parties to abide by the statements made.
