MESSAGE

I am delighted to know that North-West District has come out with the first "Compendium of important instructions 2010-11". This is an important step towards a "proactive disclosures" under the Right to Information Act, 2005 and will increase transparency.

It has been seen that Election Department had come up with a similar Compendium of Instructions. It is a very good practice and worth emulating, since it provides a consolidated data base of all instructions issued at least during the year 2010-11 in a book form, relieving officers of the need to search for such instructions and orders in various locations.

I wish the District administration the best and hope they will keep up the good work in subsequent years also.
