The Respondent apart from depositing the regularization fee of Rs. 1,20,910/- gives an affidavit undertaking to demolish the yellow portion shown in the map within 2 months. The regularization plan will be released only upon removal of the non compoundable portions in respect of which the affidavit has been filed. It is noticed during the proceedings that the plan submitted did not carry the yellow mark which was referred to in the affidavit. On the oral request, the yellow portions have been marked from the plan file to which reference has been made in the affidavit. Sh. Babbar, Respondent and the Ex. Engineer have both signed the said plan in token of the acceptance thereof. The MCD would file a compliance report regarding the demolition of the yellow portions within 9 weeks. Subject to aforesaid, notice stands discharged. In case compliance report is not filed by the MCD, Registry would put up this case for directions on 8<sup>th</sup> of August, 2011.
