

GOVERNMENT OF NCT OF DELHI
TRANSPORT DEPARTMENT (OPERATION BRANCH)
UNDER HILL ROAD, DELHI -110054

F.No. DCB/(VIU)/TPT/2013/51-58

Dated: 15-05-2013

ORDER

This is in continuation to this office order No. 19(148)/TPT/OPS/2012/3304-25 dated 05/04/2013 by which affixation of High Security Registration Plate (HSRP)) was attached with issuance of fitness certificate to ensure fixation of HSRP as well as fitness test on all transport vehicle (commercial vehicle). After implementation of the above order w.e.f. 01/05/2013, it is observed that M/s Rosmerta HSRP Ventures Pvt Ltd. is not able to prepare plates for all vehicles coming for obtaining certificate of fitness. Because of the failure of the agency to implement the same, complaints from various vehicle owners / operators are being received every day in Transport Department as they are not in a position to operate their vehicles in absence of certificate of fitness and also they have to pay penalty for getting the certificate of fitness after expiry of due date.

After considering the matter following decisions were taken for implementation by the agency and the Board of Inspection, Vehicle Inspection Unit and Auto Rickshaw and Taxi Unit :-

1. M/s Rosmerta shall ensure affixation of HSRP on all DTC and Cluster Buses by 31st July, 2013. They will also ensure to affix HSRP on vehicles due for fitness testing in the month of May and June within 15 days (List of such buses are enclosed). The vendor will co-ordinate with DTC & cluster operator for affixation of HSRP at the depot in night shift or some suitable timing as per mutual understanding.

While issuing certificate of fitness to DTC and cluster buses, Board of Inspection shall not insist on affixation of HSRP.

2. The vendor shall intimate the owner/operator of transport vehicles about the date of affixation of HSRP in writing/by putting stamp on the fee receipt to avoid confusion. The vendor has to ensure affixation of HSRP on the date given to the owner / operator of transport vehicle.
3. The Transport Department has advised the public/owner of the vehicles to deposit fee for HSRP and COF at least 07 to 10 days in advance from the date of expiry of Certificate of

Q.12

Fitness so that the HSRP is prepared in advance to avoid inconvenience to the vehicle owner/operator.

4. The vendor shall increase the efficiency of their HSRP embossing and preparation unit to accommodate all vehicles coming for certificate of fitness to ensure that no vehicle should be send back without issuance of COF for want of affixation of HSRP. If need be, vendor may establish an independent unit for embossing and preparation of HSRP for the vehicles coming for fitness test.
5. In case of any eventuality of non-fixation of HSRP on the date specified on the fee receipt, then conditional COF may be issued without waiting for affixation of HSRP. Such conditional certificate of fitness will be valid subject to affixation of HSRP within 60 days. The owner shall ensure affixation of HSRP within the period allowed in conditional COF. Further, in case of the vehicles approaching for both fitness and HSRP on the last day of expiry of certificate of fitness, conditional certificate of fitness can be issued after verifying the fee receipt for HSRP. In such cases also the owner shall ensure affixation of HSRP within the period allowed in conditional COF. After verification of affixation of HSRP, the Board of Inspection shall revalidate the fitness certificate for regular tenure without any additional fee / charge.
