

OFFICE OF THE DIRECTOR (ADMIN & PERSONNEL)
DELHI JAL BOARD; GOVT. OF NCT OF DELHI
VARUNALAYA PHASE-II, JHANDEWALAN, NEW DELHI.

No. DJB/Dir(A&P)/Electricity/2015/59797 to 60060

Dated: 21.5.15

INSTRUCTIONAL ORDER

This is with reference to various Circulars/Instructions issued from time to time regarding Energy-Conservation. It is once again reiterated that while all consumers are being encouraged to adopt measures to conserve energy, we, in the Govt, have a special responsibility to set an example by saving the maximum energy/electricity.

All efforts should be made to bring down the consumption of electricity by adopting the following measures:

- 1 Switch off the lights while leaving the office in the evening.
- 2 Switch on only the light in the room/work place where an officer/official is actually working; other lights should be switched off.
- 3 There are usually more lights in each room. It should be possible to switch on fewer lights in each room, if the natural light is otherwise bright.
- 4 Only optimum number of lights needs to be switched on in the corridors and toilets blocks.
- 5 Lights/Fans/Air-conditioners in conference Hall/Auditorium, which are not being used, should remain switched off.
- 6 Special care should be taken to ensure that light and other electrical equipments are not switched on early in the morning/late at night and on holidays.
- 7 The use of heaters is totally prohibited in all offices/plants/installations.

All DDOs are directed to follow the above instructions and observe compliance at their personal level failing which matter shall be reported to Higher Authorities.
