

**OFFICE OF THE SECRETARY-CUM- COMMISSIONER
DEVELOPMENT
GOVT. OF NCT OF DELHI
5/9, UNDER HILL ROAD DELHI-110054.**

No.PS/DC/Misc/2016/ 534

Dated: 24 / 10 / 2016

Advisory to all concerned departments.

Sub: - Outbreak of Avian influenza in Delhi.

1. The Delhi Zoo and Deer Park, Hauz Khas have reported confirmed cases of Avian influenza (Bird Flu) for H5N8 strain. National Institute of High Security Animal Diseases(NIHSAD), Bhopal confirmed that the samples from both the places have been found positive for H5N8. The birds at these places were either living in the ponds or were living in the just vicinity of pond.
2. In the meanwhile 4 ducks have died in the pond area of Shakti Sthal (near Raj Ghat). So far the death of birds have occurred in and around the ponds.
3. All the departments were informed about the outbreak of Avian influenza (Bird Flu) at Delhi Zoo vide letter dated 18.10.2016 and further vide email dated. 21.10.2016.
4. You are, therefore once again requested to take all the pre-cautionary measures in your respective jurisdiction especially in the forests, parks, ponds and other natural habitats of the birds.
5. Any unnatural death or illness in the birds must be informed to the nearest Veterinary Hospital or at the helpline no. 23890398.
6. The following measures be taken especially around all the ponds/lakes etc.
 - (i) The area around the ponds be sprinkled with lime (4 feet wide).
 - (ii) The area around the ponds can also be sprinkled sodium hypochlorite solution.
 - (iii) It is also suggested that wherever the feeds are given to the birds, multi vitamin may be added to boost the immunity of the birds.
