ORDER

Directions regarding safety compliance of the students

The Heads of all schools- Government including schools of MCD and NDMC, Government aided schools and private schools, are hereby directed to immediately carry out special inspection of whole school building and the premises including roof top and boundary wall to ensure that there is no safety hazard such as open or uncovered sewerage tanks/ water storage tanks/ manholes/ pits or loose or naked live electric wires or windows without grills, broken/unlocked doors leading to roof tops etc. which may endanger the life of students and if there is any, such potential hazard take immediate steps to remove the hazards. Besides it, there should be no broken pieces of glass, iron or wooden furniture lying in the staircase or passage which may hinder the free movement of the students.

They are further directed to give a declaration in the enclosed format within four days to the Deputy Director of Education of the Zone concerned. The Deputy Director of Education (Districts) will then submit to this Branch an undertaking within two days with respect to their district that all the schools within their jurisdiction are safe for students.

It may be added here that after obtaining such declaration, all the schools will be inspected by special task forces constituted by the Government to verify the position and if any school is found lacking on any safety count, strict action will be taken against the Principal and/or school management.
