

## **ADVISORY OF THE LEGAL METROLOGY DEPARTMENT**

The Legal Metrology Department has made available to the dealers of Legal Metrology Department an on-line portal, developed by DeGS of the IT Department, GNCTD. The online portal was inaugurated on 17.03.2016 by the Hon'ble Minister (F&S/LM).

The On line portal of Legal Metrology Department would be beneficial for the Public at large and to the Department as well. Few of the benefits of moving to a on-line system are listed below :

Efficiency of the Department and ease to the dealer, SMS about registration at each stage will be intimated to the Dealer.

Less Time Consuming procedure for the dealers, as they do not have to visit the Department.

Conducive environment for business and enhanced environment for opening new business in Delhi.

Payment ease (convenience of on line payment)

Ease of doing business

Hassle free dealing as they can upload details by way of self - certification.

Defaulting dealers can be identified easily.

I would request the dealers registered with the Legal Metrology Department to kindly ensure that the provisions of the Legal Metrology Act, 2009 are complied, as it has a great significance in building consumer confidence in weights and measures in Delhi. I would also request the public to kindly take up these issues in public interest with the Department or District Consumer Forums in cases of default by the Dealers to ensure faster justice.
