F.No. (40)/DWCD/FAS/DBT/2013-14 / 10879-94 Dated:- 6 JUL 2016

ORDER

It has been noticed that there are duplicates in the widow pension scheme. It has been noted that data entry seems to have been rigged with a view to suppress the detection of duplicates. Aadhar numbers have also been wrongly seeded. All the District officers are directed to exercise due diligence and also alert their data entry operators in this regard to prevent fraudulent activities and ensure correct data entry in the system.

The cases where double payments/wrong payments have been made must be identified and corrective steps be taken for recovery. Further, all District Officers must expedite collection of a copy of Aadhar Card alongwith bank account details to facilitate Aadhar seeding, which will help in 100% de-duplication. In fact, the collection of copy of aadhar card alongwith bank account details needs to be done on priority, within a period of one month, for those cases in which both name and husband name are the same, failing which the pension will be stopped.

Non-compliance of this order will be viewed seriously.
