LET US LIFT UP THE CHILDREN

Let us lift up the children we love today.

Let us lift up the children we have met.

*Let us lift up the promise in each small heart of the children we
don't know yet*

*Let us lift up the children with families, in school, at play, and
who have been blessed with a normal childhood.*

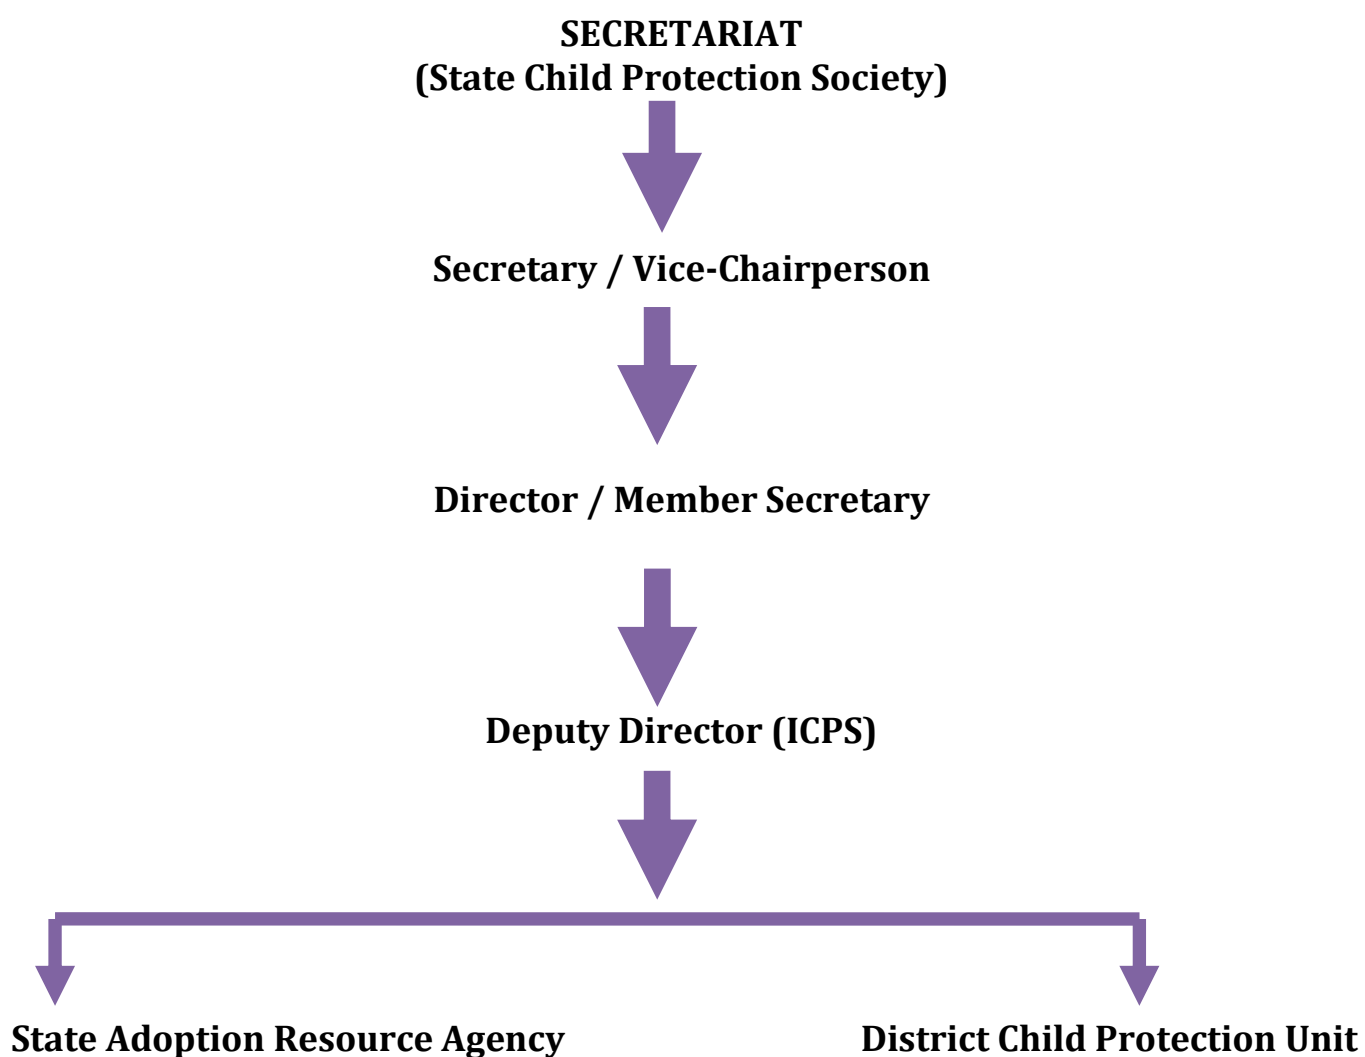

*Let us lift up the children who are left alone, who are scared,
frightened of the bitter situations they have gone through.*

*Let us lift up the children who have lost their childhood and fill
their life with fun, happiness, warmth, love, joy, affection and
care.*

Let us lift up all children to make this world beautiful.

INTRODUCTION

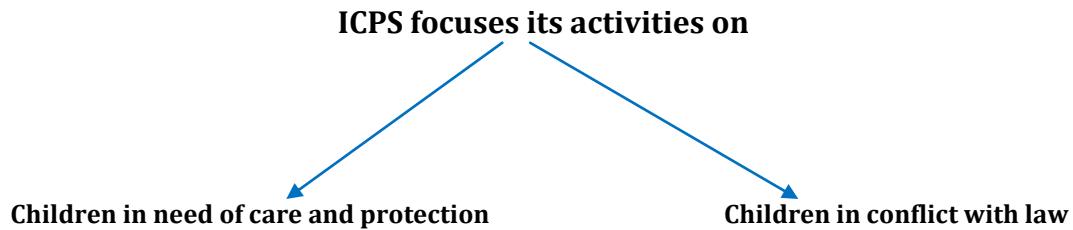

Children need a safe and nurturing environment for optimum, healthy and overall growth and development. As far as possible, children should stay with their families in a stable, safe, secure, loving and protective environment. When families become dysfunctional, incapacitated or unsafe for their children, children are the worst affected as they go astray, are left uncared, unprotected, exposed to vulnerable situations leading to their abuse, harm or rendering them homeless. Here, intervention is required to ensure that the children are immediately reached out and put in a safe and secure place for their overall well being – physical or emotional. Protecting children from all forms of neglect, violence, abuse, crime and exploitation in different settings, including family, community and wider society is essential to ensure that they lead a happy, healthy and cheerful life.

“ Child Protection “ is about creating a “protective environment” for all children which calls for a coordinated effort of all stakeholders including the Government, communities, schools, hospitals, judiciary, police, NGOs and responsible citizens to protect children against all forms of neglect, violence, abuse, exploitation. The main essence of child protection is to ensure that no child falls out of the social security and safety net and those who do, receive necessary care & protection to be brought back in to the safety net.

The existing institutions and programmes for child protection in India emanate from the provisions under the JJ Act 2000. ICPS brings several existing child protection programmes under one umbrella. The scheme visualizes a structure for providing services as well as monitoring and supervising the effective functioning of child protection system. The Integrated Child Protection scheme of the MWCD, GOI launched in 2009 aims at addressing the issues concerning child protection clearly based on certain guiding principles which include:

- ✓ Child Protection as primary responsibility of family
- ✓ Support by community
- ✓ Government and Civil Society
- ✓ Loving and caring family as the best place for the child
- ✓ Child privacy and confidentiality
- ✓ Non stigmatization and non discrimination
- ✓ Prevention and reduction of vulnerabilities as central to child protection outcomes

- ✓ Institutionalization of children as last resort
- ✓ Code of conduct
- ✓ Accountability and responsibility
- ✓ Transparency

The Integrated Child Protection Scheme contributes to the realization of Government / State responsibility for creating a system that efficiently and effectively protects children. . It is based on two main principles of “protection of child rights” and “best interest of the child”.

Target Groups:

Potentially vulnerable families and families at risk	Trafficked , neglected abused , sexually exploited children
Children of socially excluded groups like migrant families, families living in extreme poverty, scheduled castes, scheduled tribes and other backward classes	Children of sex workers
Children of incarcerated parents, single parent, children of terminally ill parent(s)	Street and working children, homeless children , run away children, missing children and children in to begging
Orphan , destitute and abandoned children	Children affected by disaster and natural calamities
Children infected / affected by HIV/ AIDS , affected by substance abuse and other terminal diseases	Services for children in institutional and non institutional care

The ICPS Scheme In Delhi.....

To implement the ICPS scheme in the state of Delhi, the State Child Protection Society, Delhi came into existence in 2010 and has initiated important programmes with regard to making services accessible/ available to the beneficiaries as per the ICPS guidelines & JJ Act / Rules. On an average, about 8000 children are attended to, annually through different schemes and programmes of ICPS at the State / District level.

To meet the objective of ICPS, the SCPS works through a collaborative effort with all the concerned agencies, departments and stakeholders to ensure that the children in dangerous and difficult circumstances are provided immediate attention and prevented from falling in to harmful situations and exploited.

The umbrella programme ensures that all children from diverse backgrounds are taken care of in a protective environment through an organised and systematic procedure.

The ICPS brings together multiple vertical schemes under one comprehensive child protection programme and integrates interventions for protecting children and preventing harm.

The ICPS scheme focuses upon looking at child protection holistically and on creating a strong protective environment for children and strengthen child protection services at all levels.

AN OVERVIEW OF THE PROGRAMMES AND ACTIVITIES INITIATED BY SCPS, DEPARTMENT OF W&CD, GNCTD

Since its inception, The State Child Protection Society has made the following interventions to implement the ICPS scheme and facilitate the process:

1. Release of Grant-in-Aid under the Centrally Sponsored Scheme “Integrated Child Protection Scheme “: Financial support is provided for setting up of homes, maintenance and up gradation of homes for children in need of care and protection and children in conflict with law.

As a regular procedure, Grant in Aid is released through SCPS to various service delivery structures / statutory bodies, NGO’s for running Shelter Homes under Institutional Care, NGOs running Specialised Adoption Agencies under Non Institutional Care, Open Shelters for children in need of care and protection in urban and semi urban areas under ICPS.

2. Online submission of Central Level Monitoring Reports: Quarterly monitoring reports of ICPS are submitted online to the Ministry of WCD, GOI. The entire process of compilation and submission has been streamlined by the ICPS Unit, DWCD by ensuring timely submission of monthly & quarterly reports from CWCs, JJBs, Government run CCI’s, NGO run CCI’s and Specialised Adoption Agencies (SAA’s) in the prescribed format. Reports of all four quarters for the year 2014-15 have been submitted to the MWCD, GOI

To avoid delay of submission of reports, all CCI’s and agencies have been issued strict orders by the Department with regard to submission of the monthly and quarterly report within the first ten days of the month. Updated status is uploaded on the Departments website: www.wcddel.in

The SCPS (ICPS Unit) has conducted training programmes for all CCI’s, CWC staff on filling up of relevant information in the prescribed format and clarifications were sorted out by ICPS team on difficulties faced by staff.

3. Carrying out periodic inspection of homes, NGO run open shelters, shelter homes to ensure better care and quality services to the children and efforts are made by the NGOs / CCIs to improve the quality of services delivered in accordance with the provisions as laid down in Acts / rules of JJ Act 2000 Issues

Night inspections of NGO run open shelters are also carried out by the ICPS team & DCPU staff to ensure that the street, homeless children are provided proper shelter, beds, beddings in the bone chilling winter weather and have access to all the basic / essential services as per ICPS guidelines of care and protection of children.

4. The ICPS Unit, Department of WCD is constantly networking with stakeholders, Govt. agencies and NGO's to ensure that children on the streets are reached out and provided the safety / security net and prevent them from falling prey to anti social elements and getting trapped in dangerous situations. The Department of WCD has sought the cooperation of Delhi Police in referring any vulnerable, homeless child visible on the streets during day /night to the nearby open shelters for timely care, relief, respite and rehabilitation. In this regard a comprehensive list of all NGO run open shelters have been shared with the SHO's, Delhi Police so that prompt efforts are instigated for children in "difficult situations".
5. Awareness, orientation, training/ sensitization programmes are organized for members of Child Welfare Committee, functionaries of Govt. and NGO run CCI's, the District Child Protection Officers and their supporting staff in the DCPU's on:
 - a) Protection mechanisms available for children exposed to vulnerable situations.
 - b) Timely restoration and rehabilitation of children.
 - c) issues of care and protection of children, various legislations, child mental health/ child psychology

- 9.** The District Child Protection Units under ICPS scheme, play a proactive and vital role at the district level in reaching out to all children in dangerous / difficult circumstances, in need of care, protection and rehabilitation. Apart from the roles and responsibilities of DCPU as laid down in the ICPS scheme, special endeavors have been initiated by the DCPU's on a massive scale to fulfill the objective of bringing the children under a protective coverage through timely and prompt intervention. Linkages are developed by the DCPU's with stakeholders to discuss and plan important child protection, welfare and rehabilitation programmes to be initiated in their respective districts.

A Glance At Few Of The Special Activities Initiated By DCPU's:

Identification of hotspots with concentration of children in to begging mainly at traffic signals, market areas and temples. - * DCPO met the concerned doctors from where the child had was undergoing treatment, sought a suitable date & time from the neurosurgery deptt for the child's surgery and got the levied charges exempted for surgery
- * Ensured that the family gets temporary accomodation in the dharamshala nearby AIIMS during the bone chiling winter season till their child was undergoing treatment in AIIMS.

F. STATUS OF OPEN SHELTERS IN DELHI:

In metropolitan cities like Delhi, it is a matter of great concern to provide for the growing needs of the children on streets, working children, children in to rag picking, child beggars and children exposed to vulnerable situations. Under the ICPS scheme, the open shelter programme provides a space for children where they can play, use their time productively and engage themselves in creative activities through music, dance, drama, yoga & meditation, computers, indoor and outdoor games, etc. Financial assistance is provided through the State Government/UT Administration to the voluntary organizations for establishing such Open Shelters.

Objective: The objective of the open shelter programme is to attract the target group of children from their present vulnerable life situation to a safe environment through sustained interventions.

The Open Shelter programme funded under the ICPS scheme aims at catering to the unique needs of these children with the main objective of protecting them from abuse, neglect and exploitation through timely intervention and provide them access to all the essential services that they require for their well being, care and security.

The following categories of children are catered to through the open shelter programme under Integrated Child Protection Scheme:

The State Child Protection Society as part of the ICPS scheme, provides financial assistance to NGO's for running open shelters and reaching out to vulnerable children through their outreach services and contact points.

All the open shelters are regularly monitored by the SCPS and DCPU team to assess and review the programme keeping in mind the well being of the children and ensure that quality of services are provided to them through the open shelters. Any shortcomings reflected during the visit are brought to the notice of the open shelter staff with directions to work on areas that need improvement followed by submission of compliance report.

The Department has taken a serious view on agencies not complying with the directions to improve upon the areas which require prompt intervention and has closed down three open shelters on account of their casual approach towards the programme, welfare of children and not adhering to the guidelines.

Main features of the open shelter programme:

- ❖ Community based safe spaces which provide a space for children where they can play, study, use their time constructively
- ❖ A safe environment where children engage themselves in creative activities through music, dance, drama, yoga and meditation, computers, indoor & outdoor games.
- ❖ Open Shelters have provisions for health care, basic nutrition, and flexi time education and vocational training
- ❖ Providing space to children where they can safely keep their belongings and earnings
- ❖ Providing them counseling, guidance and life skill education for channelizing their energy in to productive endeavours
- ❖ To make them self reliant, aware, empower them and wean them away from socially deviant behaviour

Through the meetings held with NGO run open shelter functionaries, emphasis is laid upon:

1. Status of children on streets during winter season
2. Steps initiated for arrangement of proper shelter for children at night and to ensure their safety & security
3. Production of children in need of long term care, rehabilitation and protection before CWC by the open shelter staff and timely submission of reports / details of children to the Department with the objective to ensure that no child falls out of the safety net.
4. Strengthening of outreach services during night by the open shelter staff with the objective to reach out to “many “more children in need of care, protection, shelter and safety.

The CWC is entrusted with the power to seek a detailed report or pass a direction for production of a child in any of the cases as may be required for further inquiry and long term care, shelter, restoration and long term rehabilitation of children availing of open shelter facility.

DISTRICT CHILD PROTECTION UNIT

The DCPU shall coordinate and implement all child rights and protection activities at district level. To date, four DCPU's have been set up by the SCPS having jurisdiction over 8 districts (as mentioned in the table below). The DCPU's have been attached with the existing Child Welfare Committees (CWCs).
