References have been received from Motor Licensing Officer regarding permission for retention of existing registration number of four wheeled private cars to the old car bought / brought from other states.

In accordance with the existing guidelines, retention is being allowed only on a new vehicle whether purchased from Delhi or brought from the other state on the temporary registration. The retention of the exiting number on the used vehicle is not permissible.

This is to further clarify that the guidelines should be meticulously complied with and the retention of registration mark must not be allowed on any used vehicle whether registered in Delhi or brought from any other state.
