ORDER - 67

Sub: Implementation of e-office- reg.

The e-office system is well established in Delhi Jal Board since April, 2016. However, in recent times, it has not been used effectively and many files and papers are being moved in hard copies. All controlling officers are directed to ensure that the e-office system is fully operationalized in their offices and proper mechanisms put in place in each office to facilitate scanning and uploading of all papers/documents through e-office.

In view of above, all the officers are directed to ensure that their digital signature in e-office is made functional immediately. All offices without NIC network, shall apply for the VPN immediately and technical assistance, if any required, may be taken from EDP Cell. The e-office is made compulsory and mandatory by 15th June in DJB offices.

All Concerned.
