

No. F 2/81/PC/GAD/2022/18

Dated: 23.05.2022

CIRCULAR

Dairy No. 480
Date 25/05/22
Joint Director (WCD) ADMIN

Subject: Possibilities of providing Free Electric Shuttle Service for last mile connectivity of Delhi Secretariat.

Delhi Secretariat is the center of all administrative functions for the Government of NCT of Delhi. It witnesses daily footfall of more than 6000 people which include Government officers; employees; police personnel, media persons and citizens. Many of such persons use public transport to reach the Secretariat.

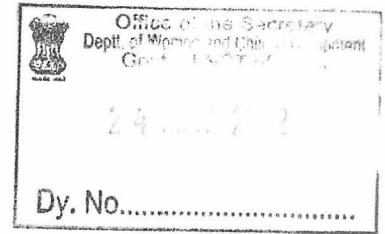

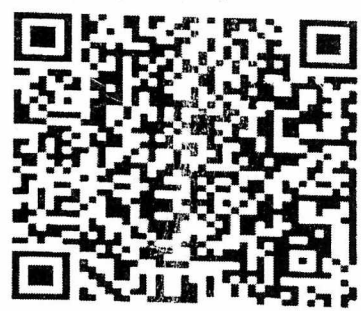

It has been brought to the notice of this Department that the public, at large, face difficulties as the Secretariat is not well connected to nearby major transit hubs. It has also been brought to the notice of this department that visitors and employees, especially women, have repeatedly raised the concern of safety in the absence of easy to access and reliable last-mile connectivity options as the nearest metro station and bus stops are far from the Secretariat.

With a view to explore the possibilities of providing convenience, safety and last mile connectivity, General Administration Department is conducting a survey for analyzing the "Feasibility of Starting an Electric Shuttle to Delhi Secretariat". This department has devised a travel survey to be collected from the officials. This will help the department to estimate the actual demand during peak hours as well as non-peak hours.
